L'ARTE DELLA FINITURA DECORATIVA

La linea Decorativi San Marco esprime la magia di Venezia con una gamma di prodotti che si ispirano alla tradizione artistica della Serenissima.

Texture e colori uniscono ricerca innovativa e un gusto per il design contemporaneo: gli spazi si vestono di bellezza da toccare e sensazioni da vivere ogni giorno.

THE ART OF DECORATIVE FINISHING

The San Marco Decorativi line expresses the magic of Venice with a range of products inspired by the artistic tradition of the Serenissima Republic.

Textures and colours combine innovative research and a taste for contemporary design. Rooms are enriched with beauty to touch and sensations to feel every day.

STUCCO VENEZIANO - S. 943

made in Italy

Informazioni tecniche

ATTREZZI: frattazzo
e spatola in acciaio
STRATI: 3
DILUIZIONE: pronto all'uso
PULIZIA DEGLI ATTREZZI: con
acqua subito dopo l'uso
RESA: 1-1,4 kg/m²

Technical informations

TOOLS: steel trowel and steel
spatula
COATS: 3
DILUTION: ready to use
CLEANING OF TOOLS: with
water immediately after use
SPREADING RATE: 1-1,4 kg/m²

Informations techniques

OUTILS: taloche inox/
spatules en acier
COUCHES: 3
DILUTION: prêt à l'emploi
NETTOYAGE DES OUTILS:
avec de l'eau après leur
utilisation
RENDEMENT: 1-1,4 kg/m²

IT Rivestimento decorativo lucido per interni

Stucco Veneziano permette di ottenere una finitura unica nel suo genere che ricorda gli stucchi presenti negli antichi palazzi di Venezia. Lo Stucco Veneziano è applicabile, o ltre che su superfici piane, anche su elementi architettonici particolari, quali cornici e colonne. Dopo la normale preparazione per le opere murarie, applicare 1 strato di fissativo IDROFIS, oppure ATOMO nel caso di supporti molto assorbenti o sfarinanti. Rasare con successive applicazioni di Stucco Veneziano a spatola d'acciaio, fino ad ottenere una superficie liscia ed uniforme. Dopo 5 ore dall'ultima applicazione eliminare le eventuali imperfezioni carteggiando con carta abrasiva fine. Applicare gli strati finali di Stucco Veneziano, anche di diversa tonalità rispetto al fondo, scegliendo la larghezza della spatola in funzione dell'effetto estetico desiderato. Dopo circa 5 minuti ripassare più volte la spatola con movimento rotatorio, premendo sulla superficie del prodotto in modo da ottenere l'effetto lucido.

EN Matt-effect decorative finish for interiors

Stucco Veneziano is a unique decorative interior finish reminiscent of the stucco work in the old palaces of Venice. Stucco Veneziano may be applied not only to flat surfaces but to special architectural elements such as cornices and columns. Prime the substrate with 1 coat of sealing primer IDROFIS, or eventually ATOMO in case of very absorbent or chalky surfaces. Smooth with stainless steel spatula to get a uniform finishing coat. After 5 hours from the last coat sand with paper in order to smooth the surface and take off eventual surface defects. Apply the finishing coats of Stucco Veneziano, even of different tonality from the primer, using a stainless steel spatula, according its width to the aesthetic effect you require. After 5 minutes pass the spatula and move it in circles, pressing slowly to obtain a glossy effect.

FR Finition décorative à effet opaque pour intérieur

Le Stucco Veneziano permet d'obtenir une finition unique en son genre et qui rappelle les stucs présents dans les vieux palais Vénitiens. Le Stucco Veneziano peut être appliqué sur des surfaces planes mais également sur des éléments architecturaux particuliers, tels que corniches et colonnes. Après la préparation normale pour les travaux de maçonnerie, donner 1 couche de fixatif IDROFIS ou éventuellement ATOMO sur enduits farineux très absorbants. Appliquer le Stucco Veneziano en l'égalisant à l'aide d'une spatule en acier pour obtenir une surface lisse et uniforme. 5 heures après la dernière application, éliminer les imperfections éventuelles en ponçant avec du papier de verre fin. Donner les dernières couches de Stucco Veneziano même avec une nuance différente par rapport au fond, en choisissant la largeur de la spatule en fonction de l'effet esthétique voulu. Au bout d'environ 5 minutes, passer à nouveau plusieurs fois la spatule avec un mouvement rotatoire en appuyant sur la surface du produit afin d'obtenir l'effet brillant.

طلاء زخرفي لامع للتصميمات الداخلية

يسمح "ستوكو فينيسيانو" بالحصول على لمسة نهائية فريدة من نوعها، تشبه الزخارف الموجودة في قصور مدينة البندقية القديمة. يمكن تطبيق "ستوكو فينيسيانو" على الأسطح المستوية، وكذلك على العناصر المعمارية الخاصة مثل الأعمدة والأركان. بعد تحضير الأسطح الجدارية بالطريقة المعتادة، يتم تطبيق طبقة واحدة من مثبت "إيدروفيس"، أو "أتوما" في حالة الأسطح شديدة الامتصاص أو المتفتتة. يتم صقل السطح بتطبيقات متتالية من "ستوكو فينيسيانو" باستخدام مجرفة فولاذية للحصول على سطح أملس ومتجانس. بعد 5 ساعات من وضع آخر طبقة، يُزال أي عيوب عن طريق صنفرة السطح بورق صنفرة ناعم. تُطبق الطبقات النهائية من "ستوكو فينيسيانو"، والتي يمكن أن تكون بألوان مختلفة عن الطبقة الأساسية، مع اختيار عرض المسطرين (مالج) وفقاً للمظهر المرغوب. بعد حوالي 5 دقائق، تُحرك المسطرين (مالج) عدة مرات بحركة دائرية، مع الضغط على سطح المنتج للحصول على التأثير اللامع.

المعلومات التقنية
الأدوات: المسطرين (مالج) فولاذية
المسطرين (مالج) تنعيم معدنية
عدد الطبقات: ٣
التخفيف: جاهز للاستخدام
تنظيف الأدوات: بالماء مباشرة بعد
الاستخدام
التغطية: ١,٤-١ كجم/م²
